

THE FUNDAMENTALS OF AIR CARGO DEVELOPMENT

NOVEMBER 3-4, 2026

Learn From ASM's Industry
Experts, World of Cargo
Airlines, Freight Forwarder
and Shipper Professionals

This course offers a comprehensive introduction to air cargo development. It is designed to benefit airport managers and investment agencies responsible for developing air cargo traffic at airports.

Upon completion, delegates will be equipped with the knowledge and understanding necessary to engage and build networks with commercial airlines, cargo airlines, forwarders, and integrators.

Facilitated by:

Tony Griffin
Senior Vice President

Price:

£1,550 GBP

Multiple course and Early Bird discounts are available.

Venue:

Informa London | 240 Blackfriars
